Customer Success Stories

Why did you start your business?

I've always had a passion for natural products and healing.

What do you love about what you do?

I love being able assist others along their self improvement and self love journey.

How do you get most of your sales or find customers?

Mostly through family, friends and word of mouth.

What advice would you give to someone else wanting to start a business like yours?

Do what you love, set your intention and put in the energy it takes.

~ Denise in New Orleans, LA

Why did you start your business?

It was an outreach ministry to assist those that suffer with various social disparities such as mental health and addiction.

What do you love about what you do?

Meeting others and assisting their self care needs.

How do you get most of your sales or find customers?

Vendor events and speaking engagements.

What advice would you give to someone else wanting to start a business like yours?

Vendor events and speaking engagements.

~Eleanor in Forrest City, AR

Making a difference

Joseph and Mary live in a rural area of Zambia where they do farming, and teach others to use better farming methods. They have three teenage boys. Joseph also teaches and coaches boys soccer.

When we first met Joseph, I was exceptionally impressed with his dedication. Without having any money, he went through some training for farming with methods that make the land much more productive. These slightly advanced methods are not common in the area where he and Mary live. While doing this, Mary counseled and taught young women who had been abused how to read and do more skilled work. They continued their work without regular pay.

After this, they showed others how to use the farming methods that they had learned, and developed a garden that used irrigation techniques to produce much more food than they could

otherwise. Others in this community can now be supported by this. There are also a number of children and young people who come to their home for assistance. Your purchases help to support these children and people for the irrigation system.
